Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Examiner discussed with Mr. Shaurette about the objections of claims 75-76 and 81-88, regarding the term "the apex comprises a solid mass of material devoid of any void space". According to Mr. Shaurette, page 8 lines 9-17 of the specification and the drawings of figures 3-6 have supports for the limitations of claims 75-76 and 81-88. Examiner agreed with Mr. Shaurette about this issue. Furthermore, Examiner suggested to Mr. Shaurette that a written response to the rejections under 35 USC 102 should be submitted by Applicants in the next communication..
